Mr. John B. Johnson
1607 E. Monument St.
Baltimore Md.

Dear Mr. Johnson:

Please pardon my delay in answering your letter, but I wanted to have something definite to say to you. I have been trying to get a team to play me in my training camp on Easter Sunday, and have not had a definite answer from them to date. I have been expecting to hear from them each day. Hence the delay in answering you. I am sending a wire to the manager today, and telling him I must have an answer at once. I will let you know in a day or two whether or not I can use The Mohawks in camp Easter Sunday.

I am training this year in Daytona Beach Fla. We leave for camp April 3rd, and start to work April 5th. We cannot have the park any sooner as one of the southern league teams is training there.

About any other games, I am playing The Black Barons in Birmingham on May 4th and Little Rock April 27th. I am expecting to play them several games during this week and a few days before and after. If you have any spots that we could make in between, let me know where they are.

You asked about Lunday managing the team. Mackey is going to manage the team this year. He finished up the season with us as manager, and the team did very well. All of the clubs are using playing managers. We have to cut down on expenses if possible.

Expect to hear from me in a day or two.

Very Truly Yours
